***Please note that as this tour is considered a vacation shorts, T-Shirts & jeans will be acceptable most days and for most events. However, there will be times when we are eating out at better restaurants and the expectations are that a nice pair of casual/dress pants or skirt and shirt or blouse will be worn on these occasions. So don't forget to pack something a little nicer for these occasions. Also, the weather in the east coast can be unpredictable at times and it is very common to experience rain and cooler weather. So, some rain gear and some warm clothing is advisable.**

***Please only pack enough clothes for one week as we will be travelling on a bus with limited luggage space. Laundry facilities are available at most of the universities.**

***Also, please make sure that you bring your student I.D. card from the high school you attended in Canada. As many of our venues have been booked with student pricing and you may need to show the I.D. card to gain entrance.**
